NORTH CENTRAL MISSOURI YMCA 2023 Partner with Youth Campaign

Dear YMCA Supporter,

It is time once again for our annual Partner with Youth Campaign. This isn't just another fundraiser. It's a community-wide effort to help guarantee that everyone can benefit from the life changing experiences that happen each day at the YMCA.

As a nonprofit organization, the Y relies on the generosity of individuals, businesses, and local organizations to help provide access and opportunities for children, families, and adults in our community. Through gifts from our donors, we are able to give parents and children a place to play together, kids a team to help build their confidence and self-control, moms an hour to focus on their own health and well-being, and seniors an occasion to stay active and meet new friends.

Heroes are those who make sacrifices for the benefit of others. We hope that you will consider becoming a YMCA Hero and help us as we seek to fund outreach programs and provide financial assistance to children and families in our community. One hundred percent of the funds collected through our Partner with Youth Campaign go directly to programs and services that build healthy spirit, mind, and body for all.

BE A YMCA HERO. No contribution is too small. Please give today!

Thank you,

Vicky Burns
Assistant Executive Director

Partner with Youth NORTH CENTRAL Missouri YMCA
